## 5.1. Self-analysis

Here you can: (a) write about what you saw and did during the practice; (b) analyse your strengths and weaknesses observed during the placement; or (c) think what you would like to and are able to improve in yourself, in the place you practised or in healthcare system in general.

Self-analysis

## 5.2. Supervisor's assessment

We ask you to evaluate the student in free form. Questions to proceed from: (a) his/her relevant theoretical knowledge and how well he/she was able to implement them; (b) what was his/her attitude to his/her everyday tasks; and (c) is there any reason why you would like to bring him/her into spotlight.

Supervisor's assessment
